OUR COMMITMENT TO EXCELLENCE

Achieving excellence doesn't have to be complicated. The unique taste of illy, our 100% Arabica blend selected from the finest harvests across the world: The perfect cup of illy coffee - the result of a history of passion and dedication which spans more than 80 years - is ready for you to serve up in just seconds. With the new illy MPS Rancilio system, you can provide your customers with that unmistakable flavour and aroma which make illy the most sought-after coffee in cafés across Italy.*

INTRODUCING THE ILLY DOUBLE CAPSULE

The new system offers you:

SPEED

We've **streamlined** the coffee-making process, thanks to our innovative double capsule which allows you to make **two coffees simultaneously**.

QUALITY

The new **illy capsule with MPS LARGE patent** brings you a coffee whose aroma, creaminess and complexity will surprise and delight every time.

SIMPLICITY

The capsule contains the ideal dose of illy Arabica blend so you can use **one single coffee-making product** for all your needs, reducing clutter and maintenance work.

PRODUCT RANGE

The double espresso capsules are available in resealable packs of 12, while the single capsules are packaged individually, so you can be sure that your coffee will retain its quality and freshness over time. The unique illy flavour doesn't change with time, ever.

DISCOVER THE ILLY MPS RANCILIO

DOUBLE AND SINGLE CAPSULES

Choose from two sizes designed to satisfy all your hospitality needs.

SIMPLICITY

Simply insert the capsule and start brewing at the touch of a button.

SPEED

With the MPS Rancilio, warm-up time is short (less than 15 minutes); coffee is brewed in only 25-30 seconds; and there is no need for time-consuming grinding or dosing.

ZERO WASTE

No ground coffee is wasted during preparation.

STREAMLINED AND COMPACT

The MPS Rancilio is small (55x41.3x3 6.7 cm), compact and the only coffee-making tool you need to prepare the perfect illy coffee.

LOW ENERGY CONSUMPTION

With two separate water heaters, the MPS Rancilio is notably energy efficient. When only one heater is active, energy consumption is only 1100 W.

THE EXCLUSIVE RANCILIO BABY 9

0.3-litre **water heater** for each group head, to ensure maximum performance
Two **dose settings** per group head, plus a manual stop button to allow flexible selection of the volume of each coffee poured
Professional **steam wand** for frothing milk
Two **group heads**, which can be activated separately to save energy
